

ROSHAN PATHEKAR

Frontend Developer

PROFESSIONAL SUMMARY

Dynamic frontend web developer proficient in HTML, CSS, and JavaScript, with experience in modern frameworks. Collaborative problem solver committed to creating responsive and user-friendly interfaces. Detail-oriented with a strong understanding of cross-browser compatibility and responsive design principles. Constantly updating skills to stay abreast of emerging trends and technologies in frontend development.

PROJECTS

1. Big Basket website clone | 🌐 | 📱

- Developed a fully responsive and user-friendly web interface for a fresh vegetable and grocery website clone.
- Implemented web markup using HTML5, CSS3, and JavaScript to ensure the technical feasibility of UI/UX designs.
- Optimized the website for maximum speed and scalability, improving overall application performance.

2. Mini Calculator | 📱

- Developed a responsive mini calculator web application using HTML5, CSS3, and JavaScript.
- Implemented the UI/UX designs provided by the UX/UI designers to ensure a user-friendly interface.
- Optimized the application for maximum speed and scalability, ensuring the technical feasibility of the designs.
- Troubleshooted and debugged issues to improve the overall performance of the application.

3. Todo list | 🌐 | 📱

- Developed a responsive web application using HTML, CSS, and JavaScript, allowing users to create and manage their to-do lists.
- Implemented a user-friendly interface with intuitive design features, ensuring a seamless user experience.
- Utilized RESTful APIs to handle asynchronous requests, enabling real-time updates and data synchronization with the backend server.
- Implemented cross-browser compatibility and responsive design principles, ensuring the application is accessible and visually appealing across different devices.
- Collaborated with backend developers to integrate frontend and backend components, ensuring seamless communication and functionality of the application.

ACHIEVEMENTS

- Virtual Internship,
Codsoft
